President's Message

Greetings, and welcome to summer! May it be long and warm as memories of February slowly fade. As we begin our new College year, it is my pleasure to welcome the members of Council. Joining the College Council is newly elected member Dr. Denise Milovan (District 6; GTA West) and recently elected member Dr. Elizabeth Levin (District 1; North). Returning to Council are Dr. Ruth Berman (District 5; GTA East) and Mr. Glenn Webster (Psychological Associate, non-voting) and reappointed public members Ms. Ethel Teitelbaum and myself, Peter McKegney.

Affirming Sexual Orientation and Gender Identity Act, 2015

On June 4th, 2015 the *Affirming Sexual Orientation and Gender Identity Act, 2015* received Royal Assent. This Act amends the Regulated Health Professions Act, 1991 (RHPA) to prohibit the provision of treatment, in the course of providing health care services, that seeks to change the sexual orientation or the gender identity of patients under 18 years of age and make it an offence to do so.

President's Message

Greetings, and welcome to summer! May it be long and warm as memories of February slowly fade. As we begin our new College year, it is my pleasure to welcome the members of Council. Joining the College Council is newly elected member Dr. Denise Milovan (District 6; GTA West) and recently elected member Dr. Elizabeth Levin (District 1; North). Returning to Council are Dr. Ruth Berman (District 5; GTA East) and Mr. Glenn Webster (Psychological Associate, non-voting) and reappointed public members Ms. Ethel Teitelbaum and myself, Peter McKegney.

This is my first message as President, having assumed this position at the recent Council meeting held on June 19. Dr. Lynette Eulette was elected Vice-President to be joined by Dr. Gilles Hebert, Dr. Ruth Berman, Mr. Robert Gauthier and Ms. Judy Cohen, also elected to serve on the Executive Committee. As ever, we look forward to a busy and productive year dealing with the challenges inherent in the mandate of this College.

Following a "refresher" orientation on the *Regulated Health Professions Act*, and the Role and Mandate of the College, the Council reviewed reports from the statutory and standing committees. Financial reports were also reviewed at this time. The College continues to operate on a sound financial basis. Council was provided with a brief overview of the current implementation plans for the newly proclaimed Registration Regulation and Quality Assurance Regulation. Further information about these Regulations will be provided to members as the 'roll out' begins.

Over the summer work will continue on the Implementation Plan for the proposed new regulatory change dealing with cessation of Master-level registration and the related components, as discussed in previous President's messages. This will be on the agenda for the September Council meeting and members will be kept informed as work continues.

Two new Acts have recently been proclaimed; the *Psychotherapy Act, 2007* and the *Affirming Sexual Orientation and Gender Identity Act, 2015*. The *Psychotherapy Act* establishes the new College of Registered Psychotherapists (www.crpo.ca). As noted in previous information provided to members, this Act also restricts the use of the title "Psychotherapist" to members of the new College. As yet, the controlled act of psychotherapy has not been proclaimed. Our College along with a number of others is working to better define this controlled act to facilitate proclamation which will, as well, permit members of our College to use this title.

The *Affirming Sexual Orientation and Gender Identity Act, 2015* (previously Bill 77) was a private member's Bill which received Royal Assent on June 4th, 2015. This Act makes it professional misconduct under the *Regulated Health Professions Act, 1991* (RHPA) for a practitioner to provide services to a person under the age of 18 to change or direct their sexual orientation. More information about this Act is available in this eBulletin.

Appointments to the various College Statutory and Non-statutory Committees have been made by the Executive Committee, and the work of these groups will continue over the summer. The list of members serving on the Committees can be found on the College website at [College Committees](#). I want to thank all members who had expressed interest in serving on a College Committee. We obviously have an abundance of talent and commitment, but unfortunately, only a limited number of spaces to fill.

I hope you have the opportunity to find some time to relax and recharge over the summer.

Peter McKegney
President

Affirming Sexual Orientation and Gender Identity Act, 2015

On June 4th, 2015 the [Affirming Sexual Orientation and Gender Identity Act, 2015](#) received Royal Assent. This Act amends the [Regulated Health Professions Act, 1991 \(RHPA\)](#) to prohibit the provision of treatment, in the course of providing health care services, that seeks to change the sexual orientation or the gender identity of patients under 18 years of age and make it an offence to do so.

Members who have questions about the applicability of this legislation to services they may offer should obtain legal consultation from a lawyer familiar with health care law.

Specifically, the *Affirming Sexual Orientation and Gender Identity Act, 2015* amended the *RHPA* by adding the following to the section entitled "[Prohibitions](#)":

Sexual orientation and gender identity treatments

29.1 (1) No person shall, in the course of providing health care services, provide any treatment that seeks to change the sexual orientation or gender identity of a person under 18 years of age. 2015, c. 18, s. 2.

Exception

- (2) The treatments mentioned in subsection (1) do not include,*
- (a) services that provide acceptance, support or understanding of a person or the facilitation of a person's coping, social support or identity exploration or development; and*
 - (b) sex-reassignment surgery or any services related to sex-reassignment surgery. 2015, c. 18, s. 2.*

Person may consent

(3) Subsection (1) does not apply if the person is capable with respect to the treatment and consents to the provision of the treatment. 2015, c. 18, s. 2.

Substitute decision-maker cannot consent

(4) Despite the Health Care Consent Act, 1996, a substitute decision-maker may not give consent on a person's behalf to the provision of any treatment described in subsection (1). 2015, c. 18, s. 2.

Regulations

- (5) Subject to the approval of the Lieutenant Governor in Council, the Minister may make regulations,*
- (a) clarifying the meaning of "sexual orientation", "gender identity" or "seek to change" for the purposes of subsection (1);*
 - (b) exempting any person or treatment from the application of subsection (1). 2015, c. 18, s. 2.*

Quality Assurance Regulation Amendments Approved

The amendments to the College's [Quality Assurance Regulation](#) came into force in April 2015. The revisions to this Regulation reflect much time and effort of the Quality Assurance Committee over many years and will serve to improve and enhance the College's Quality Assurance Program.

During the development of the amended QA Regulation the QA Committee consulted with the membership on a number of occasions seeking input into the proposed changes. The most significant changes pertain to selection of members for Peer and Practice Reviews; and enhanced Continuing Professional Development requirements. The new Regulation permits the Committee to expand the ways in which members are selected to participate in the Peer and Practice Reviews. Rather than selections being made on a strictly random basis from the entire membership, the Committee may now employ stratified random selection. That is, the Committee will continue to select members randomly, but may now do so from specific groups such as members in private practice, members working in school boards, members serving adolescents or other such criteria.

Continuing Professional Development (CPD) will now become a mandatory requirement for members of the College. Much work has been done on the CPD program in anticipation of the passing of the Regulation. The program will afford members the opportunity to fulfill the mandatory requirements through a combination of professional activities along with participation in both formal and informal continuing education workshops and seminars. Implementation is expected to occur in conjunction with the distribution of the Self-Assessment Guide and Professional Development Plan in the spring of 2016. At this time, members need not make any changes to their current professional development plans and activities but should wait for further information about the new program to be available shortly.

Council Highlights – June 19, 2015

New/Returning Council Members

The Council welcomed new Council member, Dr. Denise Milovan, elected to District 6 (GTA - West), recently elected Dr. Elizabeth Levin (District 1 - North) and re-elected members Dr. Ruth Berman (District 5 GTA-East) and Mr. Glenn Webster (Psychological Associate, non-voting). Also welcomed were Ms. Ethel Teitelbaum and Mr. Peter McKegney, two public members reappointed by the Ministry of Health and Long-Term Care as well as Dr. Patricia Minnes, academic member reappointed and Dr. Michael Grand a new academic member appointed to Council.

Election of the New Executive Committee

Each June, a new Executive Committee is elected by the College Council. Serving as President for the 2015-2016 year is Mr. Peter McKegney and Vice-President, Dr. Lynette Eulette. The other members of the Executive Committee are Dr. Ruth Berman, Ms. Judy Cohen, Mr. Robert Gauthier and Dr. Gilles Hébert.

Business Issues

Legislative Update

- The *Psychotherapy Act, 2007* was proclaimed on April 1, 2015.
- The College's amended *Registration Regulation* and *Quality Assurance Regulation* came into force on April 7, 2015.
- Bill 77, *Affirming Sexual Orientation and Gender Identity Act, 2015* received Royal Assent on June 4, 2015. This Act amends the *Health Insurance Act, 1990* and the *Regulated Health Professions Act, 1991* to prohibit the provision of treatment, in the course of providing health care services, that seeks to change the sexual orientation or the gender identity of patients under 18 years of age and make it an offence to do..

Information on how these new pieces of legislation impact members of the College are available on the website and in the *eBulletin*.

Other Business

The next meeting of the College Council will be held on September 18, 2015.

Statutory and Non-Statutory Committees 2015-2016

The Executive Committee has made appointments to the six statutory committees and one non-statutory committee for the 2015-2016 year. Each committee is comprised of professional members of Council, public members of Council, and members of the College who do not sit on the Council. The committee composition of the statutory committees is defined in [By-law 21: Committee Composition](#).

The appointments made to the following Committees are available in the *About the College* section of the College website or can be accessed at: [College Committees](#)
